

Mr. G's Math Marvels

Lesson: Pictographs (Use Handout #17)

Facilitator: Gary Walton, Mr. G.,
BECON Studio Teacher

Lesson Plan

Grade Level: 3

Sunshine State Standard: MA.E.1.2.1, MA.E.1.2.2

Objective:

1. Students will be able interpret a pictograph to solve problems.
2. Students will be able find the average of a set of data using a pictograph.
3. Students will be able to create their own pictographs from a set of information.

Activity:

1. Students are given a worksheet exhibiting various pictographs that they will interpret to solve problems.
2. Students are given information and asked to create a pictograph.
3. As a review, students will rewrite numbers from word form into standard form and then find the sum of the numbers.

Materials Needed: Handout #17 and pencil.
