II. Resources for Employment Vacancies' Advertising

Recruitment Sources used during the reporting period

The School Board is the largest employer in Broward County Florida, and one the largest within the state of Florida. As such, its website job listings are reviewed locally and nationally by those seeking employment, and The School District and its employment units receive a healthy number of applicants from job listings posted on its website.

School Board of Broward County, Florida
www.browardschools.com

When Job listings on the District's website fail to get sufficient numbers of applicants, the posting will be relisted on the websites of sources from the source list that are deemed relevant to the available position. In the case of the full time position listings contained within this report, no secondary postings were deemed necessary. ***/

***/ In the case of the station manager position pulled back, listings were placed with other sources as well (this position will be reported on the next report once relisted).

Listed below are some of the sources the School Board of Broward County has used as appropriate in the past to advertise employment vacancies in print and/ or on-line in print and/or internet postings:
